Meridian: run a follow-up pilot

Decision brief, 2026-09-30

Evidence

- Requests: 80 → 100 per day (+25%)
- Median response: 12 → 9 hours (−25%)
- Errors: 2% → 3%

Caveats

- Observational: no random allocation
- Customer mix differs between groups
- Only five working days measured

Budget and ownership

Owner	Budget	Final review
Maya Okafor	EUR 2,400	2026-10-19

Decision

- Approve the two-week follow-up pilot, not a full rollout
- Stop if the error rate exceeds 4%
